Tour Highlights

- ✓ Direct Flights to Incheon by **MAS AIR (MH)**
- ✓ A nation ripe with cultural, historical, and natural tourist attractions, **South Korea** has a plethora of interesting sights. Aside from the obvious tourist attractions, including mega-city Seoul, the country offers wide open spaces boasting incredible natural beauty characterized by rock formations, green pastures, and dense forest.
- ✓ **Nami Island**, part of the larger Gapyeong county, is blanketed in a beautiful natural landscape. It enjoys distinct seasons and is a very popular destination for domestic tourism.
- ✓ **Soyanggang Skywalk** Located in Chuncheon, Soyanggang Skywalk is an observatory facility set up on Uiamho Lake. Stretching out for a distance of 174 meters, this makes the skywalk the longest glass structure ever built in the country. Tempered glass is laid 7.5 meters above the river, creating the illusion of walking on water. The glass floor is only 4 centimeters thick, creating a hair-raising experience for those brave enough to walk on top of it!
- ✓ **Gyeongbok Palace** - Built in 1395 Gyeongbokgung Palace is also commonly referred to as the "Northern Palace" because it is the furthest north when compared to the neighboring palaces. Gyeongbokgung Palace is arguably the most beautiful and remains the grandest of all five palaces.
- ✓ **Bibap Show with Chef**, a lively fusion of beatboxing, breakdancing, and comedic chefs, all centered around Korea's famous bibimbap dish. Laugh the night away with this uproarious non-verbal performance!
