With nearly 3 billion years of natural evolution, **Mount Taishan** aka Mount Tai was formed through complicated geological and biological processes, with a gigantic rock mass and dense vegetation about 1545 meters towering over the surrounding plateau and sea. This majestic mountain is an outstanding combination of a beautiful natural landscape and a splendid process of Chinese civilization for thousands of years. Hence, it has been listed as a cultural and natural heritage of UNESCO in 1987.

Nishan Holy Land: Located in Nishan, Qufu, the birthplace of Confucius, adjacent to the Nishan Confucian Temple, the overall planning covers an area of 44.78 square kilometers, with the overall idea of "Confucius' world, the world's Confucius" as the overall idea, with "cultural virtuous resort" and "World-class cultural tourism destination" is the overall positioning, integrating cultural exchange, cultural experience, learning and enlightenment, eco-tourism, leisure vacation, education and training, and is known as "another frontier window for the world to know Shandong and China."

TaiErZhuang ancient town, located nearby the Grand Canal Zaozhuang section, is a popular tourist site with more than 2,000 years of history. The town, located in the transitional zone between North and South China, was regarded in ancient times as the traffic hub connecting goods transported both on rivers and roads at the Grand Canal, which was named a UNESCO World Heritage site in 2014. The prosperous water town is home to traditional pavilions, pagodas and towers, offering wonderful views for visitors and shutterbugs.

May 4th Square, or known as Wu Si Square, is a large public square in Qingdao's central business district. As a symbol of this city, the May 4th Square got its name in memory of China's historical May 4th Movement, which started in Qingdao, the square is best recognized by the large "May Wind" (Wuyue Feng) sculpture near the seaside. It is located between the municipal government building and Fushan Bay. As a popular tourist destination, this square is bordered by the city government to the north, the sea to the south, and residential and commercial buildings on either side.

Qingdao Beer Museum, which lies on the old site of the Tsingtao Brewery Company, which is a world-famous manufacturing enterprise special in brewing. German Beer Company Qingdao Branch established in 1903, China's first brewing factory that built with European technology was the predecessor of the **Tsingtao Brewery Company**. At present, the Qingdao Beer Museum owns 55 brewing factories and malt factories in 18 cities and provinces in China. The one-hundred-year old Tsingtao Beer has created its own history and culture.
