**Ice Breaker Cruise**

The icebreaker ships in Hokkaido are specially designed to navigate through the Sea of Okhotsk during the winter months. These robust vessels plow through thick layers of drift ice, breaking it into smaller pieces as they move forward. Passengers aboard these icebreakers can experience the thrilling sight and sound of the ship cutting through the frozen sea, surrounded by vast expanses of shimmering ice. The experience offers a unique perspective on the raw power of nature and the engineering marvel of the icebreaker itself.
